Joint Count Template

Physiotherapists are well placed to identify synovitis and symptom duration. Below is an example of a joint count template.

Indicate affected joints on the diagram and complete the boxes below:

**Right side**
- [ ] shoulder
- [ ] elbow
- [ ] hip
- [ ] wrist
- **Indicate number of active joints (right hand only)**
  - [ ] knee
  - [ ] ankle
- **Indicate number of active joints (right foot only)**

**Left side**
- [ ] shoulder
- [ ] elbow
- [ ] hip
- [ ] wrist
- **Indicate number of active joints (left hand only)**
  - [ ] knee
  - [ ] ankle
- **Indicate number of active joints (left foot only)**

Current active joint count

Date of joint assessment
